

## **Homework #2**

### **(Due: Fri., June 4)**

#### 1. Study Guide (SG) :

Chap 6 : Multiple Choice: 1-23  
Short Answer Problems: 1-9

Note:

Some of the questions can be answered after today's class, but some may be answered after we finish Chap 6. Besides, the amount of exercises is large this time, so I changed the due date to Friday to give you more time to work on it. Since doing homework is the best way to help you understand things and to prepare for the exam, please do the problems YOURSELF.
