Dear Hylke,

Thank you for contacting Pearson Education Product Support. I have verified your username and password and they are correct for the Parkin Macroeconomics 6e Stuweb site and you should LOG IN at:
http://www.economicsplace.com

Please keep in mind that to use our websites, your computer should have one of the following Internet browsers:

INTERNET EXPLORER
version 4.7 or greater.

NETSCAPE NAVIGATOR
version 4.7 or higher, except versions 6.0 to 7.

IF YOU USE AOL, MSN or Compuserve to access the internet, sign on using AOL, MSN or Compuserve then minimize it (do not close) and open either Internet Explorer or Netscape Navigator.

Your website uses both Cookies and JavaScript technology.

If you are using a PC, you might also need to clear out your temporary Internet files. Having too many temporary files can block information from being viewed properly.

TO CLEAR OUT YOUR TEMPORARY INTERNET FILES
IN INTERNET EXPLORER
1. Click on Tools, then Internet Options
2. In the Internet Options, click Delete Files
3. Click OK
IN NETSCAPE NAVIGATOR
1. Click on Edit, then Preferences
2. Click the plus sign next to the Advanced category
3. Click Cache
4. Click Clear Memory Cache
5. Click OK in the message box that appears
6. Click Clear Disk Cache
7. Click OK in the message box that appears
8. Click OK in the Preferences dialog box

If you are accessing the website from a computer or network with a firewall you may need to adjust the firewall to insure that you can access all of the links on the site. If you are using a network computer please check with your network administrator for assistance in adjusting the firewall. In addition, if you have a POP-UP stopper or ant virus software on your computer, you may need to deactivate this software when accessing the site.

Please reply to this email if you need further assistance.

Sincerely,

Raghvendra
