Grading Policy

Your final grade in the course will be determined by the weighted-average of:

- Average of exam grades (80%)
- Presentation and in-class discussion (20 %)
- Bonus reading questions (20 %)

A letter grade would be assigned according to your final grade, taking into account your overall performance throughout the course. If you attend all classes, do assignments and obtain above average exam grades, I would say that the possibility of getting a grade of A- or better is very high.
