

## **Call for Posters**

**ISU Biosafety Institute for Genetically Modified Agricultural Products (BIGMAP)**

**Food and Fuel Crops: Issues, Policies and Regulation**

**Tuesday, April 21, 2009, 5:00 to 6:30 pm**

Gateway Hotel and Conference Center, 2100 University Drive, Ames, IA

Sponsored by the Biotechnology Industry Organization

In conjunction with the 6<sup>th</sup> Annual BIGMAP Symposium, April 21 through April 22, 2009.

### **Symposium Goal:**

The annual BIGMAP symposium engages state, national and international opinion leaders in discussion of topics relating to the risk and benefits of agricultural biotechnology. Posters **(designed to fit on standard 4' x 8' display boards)** are invited that address this year's symposium topics: "Food, Fuel, and Climate Change," "Food and Fuel Crops for the Developing World," and "Biotechnology-Derived Crops for Food and Fuel."
