BRT Research Symposium

Wednesday, April 18, 2007
4:10 p.m.
1951 Food Sciences Bldg.

featured speaker:

Dr. James J. Foster

Archer Daniels Midland (ADM) Company

Improving Corn Utilization Efficiency

Immediately following Dr. Foster's seminar, students enrolled in BRT 506A, *Biobased Products Seminar*, will present their research in a short series of poster presentations (foyer outside 1041 Food Sciences Bldg.)

Come for the seminar and stay for the symposium.

~ Refreshments will be served ~

Co-hosted by the Center for Crops Utilization Research and the Office of Biorenewables Programs at Iowa State University
