

**Assistant Professor /Assistant Cooperative Extension Specialist in
Water Resource Management**

This is an 11-month, tenure-track position (75% Cooperative Extension/25% Instruction & Research) beginning July 1, 2009. Applied research areas may include (a) economic analysis of water resource management and policy in California, (b) water rights and transfers, conjunctive management, and water conservation and reuse, (c) public policy analyses of water quality/quantity issues, and (d) water resource management issues related to land use. Outreach responsibilities include information transfer between researchers and regulators, irrigation districts, municipal water purveyors, county-based Cooperative Extension advisors, and growers.

The teaching load is anticipated to be one quarter-length course per year in environmental, natural, and water resources management. The person to be hired may participate and supervise graduate students in the Environmental Sciences program and in other campus Ph.D. programs (*e.g.*, Economics, Public Policy). S/he will have the opportunity to be a part of the newly formed Water Science and Policy Center that is housed in the department.

Candidates must have a Ph.D. in an applicable social or policy science discipline with demonstrated expertise in water resource management. Graduate-level training in environmental economics and/or public policy analysis is desirable. The candidate must exhibit strong quantitative and analytical skills. Candidates must possess a strong commitment to teaching excellence at both undergraduate and graduate levels and teaching experience is highly desirable.

• Candidates should submit a *curriculum vitae*, transcripts, selected research papers, and statement of outreach, teaching, and research interests to Dr. Kurt Schwabe, Search Committee Chair, Department of Environmental Sciences, University of California, Riverside, CA 92521. Applicants must also request that three letters of reference be sent to the same address. Closing date for applications is March 1, 2009. Electronic files also may be submitted to kurt.schwabe@ucr.edu.

Further information about the department and programs may be obtained at <http://envisci.ucr.edu>. Salary is commensurate with education and experience. The University of California is an Equal Opportunity and Affirmative Action Employer. UCR is committed to supporting dual career couples.
